Instructional design solutions for your learning and performance needs

### BIO:

Catherine Harvey is an instructional design consultant with an MSW, and a BS in Education. She combines her formal training in interpersonal relations with extensive practical experience in administrative and professional roles. Reports by independent evaluators document the positive outcomes of many of her training programs. Cathie specializes in performance-based instructional design and e-learning. She has helped leaders in a variety of industries to analyze, design, develop, and implement training programs and curricula.

### ROLES:
