Instructional design solutions for your learning and performance needs

### BIO:

Noelle Archambeau is an instructional design consultant with over 10 years experience designing, developing, and delivering training courses. At KnowledgeNet (now SkillSoft) she led a development team that produced hundreds of hours of highly interactive e-learning. She has also worked with many organizations and taught them how to develop their own training courses internally. Noelle holds a M.Ed. in Educational Technology from Arizona State University.

### ROLES:

- o Instructional Design Consultant
- o Instructional Developer
- o Project Manager
- o Quality Manager
- o Facilitator
