effectPerformance

Instructional design solutions for your
learning and performance needs

BIO:

Wes holds a Bachelor's Degree in Fine Art, with a minor in Photography, from The College of New Jersey. Wes spent the early part of his career applying his artistic talent, creatively teaching regular education and special needs children of all ages. Wes has a background in photography and art and has contributed original illustrations for a children's book. Dually skilled in the fine and computer arts, Wes offers clients cutting edge and creative computer graphics by an artist who can imagine and design fresh, new, personalized looks.

ROLES:

- o Graphic Artist
- o Print Design Specialist
- o Desktop Publishing
